Al-Barkaat Educational Society

Al-Barkaat Educational Society, dedicated to the memory of renowned Persian-Hindi sufi poet Syed Shah Barkatullah of Marehra, district Etah, came into being in 1995. The Al-Barkaat Educational Society derives inspiration from the life and the teachings of a galaxy of illustrious Sufis of Khanqah-e-Barkaatia, Marehra Sharif (Etah, U.P). It owes its inception to the profound vision of the Great Sufi Hazrat Syed Shah Mustafa Haider Hasan Miyan Qadri, father of the Founder and the President of ABES, Professor Syed Shah Muhammad Amin, the present Sajjadah Nashin of Khanqah-e-Barkaatia, and the President of Dargah Syed Shah Barkatullah Committee. He is the moving spirit and the light behind this noble project in establishing various educational institutions in India.

Al-Barkaat Public School

Al-Barkaat Public School is situated on Anoopshahr Road, approximately 5 Kms. from Aligarh Railway Station. Spread over two acres of lush green, eco-friendly environment, the school campus is divided into four wings; the Pre-Primary Section exclusively for tiny tots, the Junior Section, the Senior Secondary Section (Boys), a separate section for girls, viz, the Qadiria Girls Section from class VI to XII to provide stress-free education in an independent environment. The school has a cumulative strength of more than 3700 students. Being affiliated to CBSE, it follows CCE (Continuous and Comprehensive Evaluation) in the true letter & spirit of education. The school aims at imparting modern scientific education along with cultural and moral values to its pupils. The medium of instruction is English at all levels. It also caters for the residential facilities of both boys and girls. The school provides the best facilities to its students with the most affordable fee structure in the region.

Influential Citizens and Leaders

Students experience and develop effective problem solving strategies through participation in Peer Support Programmes. The school strictly promotes secularism. The teachers and students work together as a team. Students here are encouraged to discuss issues and make their own decisions as individuals, as well as the members of a group. We focus on the overall development of the child.

A Strong Commitment towards Literacy

Al-Barkaat's commitment towards literacy has always been strongly solemnized. Our highly qualified and experienced staff is up to date on current teaching practices. We strongly value the role of parents and guardians in developing and improving education. Regular literary programmes are organized to add knowledge and awareness and to enhance the cognitive abilities of the students. Highly qualified and experienced counsellors are available to assist students experiencing learning difficulties. Being a pioneering school community we support the idea of long term education. We constantly strive to ensure that the school remains at the cutting-edge. At Al-Barkaat, we arrange workshops for teachers to upgrade and ameliorate their teaching methodologies. We also have highly qualified teacher's

consultants and a prolific academic consultant.

Safe and gracious environment:

A sturdy rapport with the management, faculty, parents and students provides for the establishment of a safe and harmonious school environment. For us the welfare of our students and their families is paramount. We are steadfast to the progress of students who display responsibility for their own behavior.

Enriched curriculum supported by state-of-the art infrastructure and technologies:

A good framework plays a significant role in the holistic development of the students. The state-of-the art infrastructure of the campus, well equipped labs and libraries and well-ventilated classrooms are indeed the most crucial elements which contribute to the foundation of a conducive teaching-learning environment. The school is enriched with a wide variety of well integrated science laboratories, libraries, English language labs and computer labs. A spectacular sports complex is constructed to improve the fitness and concentration level of the students through physical exercise.

Smart Classrooms:

The classrooms are equipped with the latest, state-of-the-art smart panels accoutred with the latest digital technology. This incorporates audio-visual learning to make classroom teaching and learning fun and engaging and a collaborative and innovative experience. The classes have 75-inch modern touch screen panels with high definition screens, digital course content, internet connectivity with power back up to revolutionize the classroom into a world class education system.

Tarbiyat Classes: The school focuses on inculcation of values and Islamic education. To achieve this, trained and qualified teachers groom the students to acquire a set of beliefs & values regarding what is right and wrong. This set of beliefs guides their intentions, attitudes and behaviour towards the society & the environment transforming them into better citizens.

Discipline: Discipline significantly impacts career shaping and helps build the character. Sincerity, good endeavors, and values develop strength and foster unity and cooperation among the students. Continuous long absence, unruly behavior detrimental to oneself or to other students, non payment of fees, persistent negligence of school programmes by the students or disrespect to teaching or non teaching staff by parents or guardians could amount to immediate termination of the student.

Parents As Partners In Learning:

The influence of home and school on the development of a child cannot be overruled. We believe that a partnership between parents and school is vital when common goals are to be achieved. We expect support from the parents in the following ways.

- Regularity and punctuality of your ward to school.

- Cooperation with the school in the learning process and inculcation of values in your ward.
- Attending Parents -Teachers Meetings regularly to know your ward's performance.

Personality Development And Physical Education:

There are opportunities to participate in regional inter-school and state events. Sports and games hold an integral place in our school curriculum. We are one of the leading schools in Aligarh constantly winning interschool and state level championships in Hockey, Football, Cricket and Volley ball. Girls are given equal opportunity to learn different games and have been winners in interschool competitions too. Competent and expert coaches train the students in the school and in the boarding houses in the evening to hone their skills.
